McAlister's All Healing Uintment

THE action which upon the human cuti-cle, demonstrates its

grand efficacy and healing power It is the first and only dis-covery of an external preparation that has power to restore the "Insensible Perspiration." The skin being the medium through which the blood drives off its Impurities, is often locked up by cold, whence occur Rheumalism, Croup, Coughs, Cold, Head-ache, Fevers, and a thousand other complaints.

Unstop the pores, and permit the humors to pass out, and all these diseases vanish at once. This M'Alister's All Healing Ointment effects. For instance, in sick and nervous headache, this Ointment is a sovereign remedy.

It has cured cases of five, seven and ten years

standing, some of fifteen and twenty years, and one case of FORTY YEARS standing. It is beyond all peradventure the best remedy for head-ache in the world. Ear-ache, deafness and dizziness cured with

equal success. Take again the Quinsy Sore Throat. On night's application is frequently sufficient to cure this complaint. But in no case will it fail. We

challenge the world on this point.

Rheumatism—In all cases of swelled limbs, contracted cords, pains and violent inflammation, there is no remedy so good, we don't care what it is, or where it comes from. Herein this Ointment

is to be found a certain remedy for rheumatism.

Let the sufferer look to it.

Asthma, oppression of breathing, &c —In no class of difficulties does the ointment give greater satisfaction. The heavy load upon the heart, and difficult respiration, it removes almost in a day. Wonderful, Wonderful, is the virtue, the untold power and goodness of the all healing ointment. In Hemorrhoids, or piles, we have been repeatedly told that it was the only article ever made that would cure all cases of piles. And we

are ready to believe it.

The Erysipelas and Salt Rheum are overcome without the least difficulty. Liver complaint we have cured of twenty years standing, and we hesitate not to say that it is one of the best remedies known. Persons would be

astonished to witness its effect. Besides all the above diseases, it is a sovereign remedy for all eruptions of the skin, sores, pus tules, blotches, &c , rendering the face smooth inflammations, swellings, cuts, bruises, and po sonous wounds, it is a noble remedy. And as for burns, there is not its equal in the land. To allay pain, and remove the fire and inflammation, there no compound in existence of such value. Be sides, it heals the place without leaving the slightest mark behind. Equally valuable is it for old ulcer sores and especially Sore Eyes, Scale head, and diseases of the Spine, and of the nerves; also swelled or Sore Breasts, and Female com-plaints. Liverwort and Tar. THE HISTORY OF THIS MEDICINE s briefly told. It is prepared mostly from a Re-Rogers, after many years of investigation and research, and is the one employed by him in his own practice, and that occasioned his unparalleled success in curing all complaints of the Throat and Lungs. For four years past, the proprietors have been putting up Dr. Rogers' Compound Syrup of Liverwort and Tar, in Cincinnati, Syrup of Liverwort and Tar, in Cincinnati, Ohio. From this point, it has been distributed extensively over all the western and south western states. Hence the reason why so many of our Certificates are dated at Cincinnati, where

the medicine is best known, and has been most fully tested. The first year, its sales amounted only to about 4,000 bottles; but such was its as-tonishing success in curing the complaints for which it is recommended, that it soon acquired an immense popularity, and the present year its sales will exceed 250,000 bottles. Nor is the demand for it confined to the western states. Its reputation is spreading over the whole Union. Although it has never been advertised at all, or even offered for sale in New England, the proprietors have this day received an order from Bargor, Me. A few days since, they received one from Lowell, Mass—also one from Palmyra, N. Y., and another from Columbus. Geo. And it is because the demand for this medicing from cheed is no

1845, her situation became alarming. I attended her carefully, and employed all the known remedies of Therapeutics, which only gave partial relief. Mrs. Wiseman had become emaclated and worn down, all the symptoms of pulmonary consumption appearing present. I was compelled at this period to leave on business, and Mr. Wiseman wished me to obtain a bottle of the Balsam of Wild Cherry, thinking it might pelliate her symptoms during my absence. But when in Gallipolis, before I had fulfilled my commission, I accidentally cast my eye upon a notice of Dr. Rogers Liverwort and Tar, and it occurred to me that if any medicine would secure the object proposed, this would do it. I bought a bottle, and sent it to the lady, and after several days' absence, to my astonishment, she declared herself almost well. In this case, it really acted like a charm. We have deemed it useless to publish the counterfeits on those banks whose charters have expired, or which have failed.

Bank of Massillon-1's, vignette steambost and railroad cars, which is not on the genuine. 10's, new issue; unlike the genuips; vignette a steamboat, s'oop and ship under sail.

City Bank of Cleveland, Cleveland.—3's; the figure 3, across the bill is not distinct.

Clinton Bank of Columbus—10's altered from 2's;

easily detected.

Commercial Bank of Cincinnati—3's letter A, beautifully executed, and likely to deceive the best judges. In the centre of the nate is a large figure 3, the medallion part of which, in the genuine, is beautifully wrought, whilst in the counterfeit, it is faint and but partially formed. Natice also, that the female upon the left of the bill the service of heads around her in the genuine has a string of beads around her

neck, the counterfeit has no bends.

The genuine notes of the old bank of this name having been mostly all redeemed, it will be best to refuse all notes dated previous to 1845. Dayton Bank - 5's letter A, regularly countersigned by the Register. It is half an inch shoter than the genuine The flourish over the letter "A" should be the same as over "No." in the counterfeit it is just the reverse-engraving in-

ferior to the genuine Franklin Bank of Zanesville, Zanesville -5'e, letter A; the figure 3 across the bill is very inofayette Bank-1's vignette a steam boat; on the

left an Indian holding up his right hand.

5's, letter C., badly executed, Cashr's name engraved whole face of the hill lighter than genuine.

5's, let. B., vig signers of the Declaration of Inde-5's, let. B., vig signers of the Declaration of Independence, most beautifully engraved, and good paper. Gano, Cashier; Carliste, President. Observe the head of Latayette; in the genuina there is a flourish or hair stroke, which is delicate and nearly touches the marginal border in which the head is encircled, whilst in the counterfeit it is coarse breaks off abruptly, and lacks the 16th of an inch of touching. Notice also the flourish above the word 'Cashier' which, in the genuina turns up and nearly touches the word Cincianati whilst in the counterfeit it turns flown. ocean, and an eagle resting upon a shell. 10's letter B, vignette an engle standing in a car,

10's letter B, vignette an eagle standing in a car, wings expanded. The engraving good, but paper bad. The bank has no such plates.

10's spurious. The vignette is two children seated, on the right end a full length portrait of Geo. La Fayette. Payable to H. Reachen, Thomas String and other persons, and of different dates. The medallion head, with the word TEN stamped of. It is very rough and indistinct.

10's, letter B. dated January 1st 1845. W. G. W. Gano, cash., with pale ink, G. Taylor Prest. Paper rather dark, general appearance good.

20's, close imitation of genuine; let. B. dated Jan. 4, 1844, pay C. Conshan: the toes of the female in the vignette imperfect, and the right hand of

in the vignette imperfect, and the right hand of the Indian on the left end of the bill imperfect. 100's st urious. The genuine bills have a red back. Ohio Life Insurance and Trust Co.—5's, spuri-Vignette a drove of cattle and a locomotive and cars in the distance.

tive and cars in the distance.

Sandusdy City Bank—3's letter A. Description about the same as the description of the counterfeit 3's on the Commercial Bank of Cincinnati. State Bank of Ohio—5's, engraving coarse. The bill contains the red back; and on the back of the genuine it reads 'State Bank of Ohio;' on the genuine it reads 'State Bank of Ohio;' ea.
the counterfeit it reads 'State of Ohio.'
3's, 5's and 10's, alt from 1's and 2's; hold them
up to the light and the alteration can be detected
100's, none higher than 50's issued.
1's, letter D, imitation of genuine, engraving
course; apparently lithographed; signatures lithographed; filling and date very peorly done. '
5's, letter B payable at the Union Bank, Mossif
lou. Paper and engraving course.
5's, poonly done. The head of Franklin on the left

end of the bill is badly engraved and the left eye 10's, vignette a man on the left and a female on the right; railroad care in the distance on the left; a large X in the centre of the vignette an eagle at the bottom. The words "Brate Bank

of Chio" larger than the genuine.
Os, general app arance calculated to deceive, but on exemination and comparison with the gene-ing, will be found crude, and imperfect in de-tail. The prominent figures in the counterfelttail. The prominent figures in the counterfeiture lacking in expression and careful minute, ness. Faces, hands, implements, &c., in the central vignette, are blurred and indistinct.—Postrait of Gen. Harrison on left hand end, obscure and undecided; in the genuine the figure is distinctly telieved from the back ground, the cost showing dark in color against it. The dog's head on the bottom part, between the signatures, is rough and coarse, and the bereils containing the words. Mutual Liabily. So etc. or side, are faint, and smaller than the genuine. The figure of Minerva on the right side, is perhaps one of the best tests of comparison; in the genuine, the spear in the right hand of the figure, touches the letter T in Ten, above; while in the counterfeit it is midway between the letters T, and E; and on the breast-plate a figure, touches the letter T in Ten, above, while in the counterfeit it is midway between the letters T. and E; and on the breast-plate a face is distinctly seen in the centre. The word Ten, under the figure, is pale and week in shading, but dark and plain in the genuine.

Is, various branches: a good imitation. Detect by the star or areola (on the back) at the and of the har enclosing the words "State Bank of Ohio;" being set in the centre of a square block, which is not so in the genuine.

Western Resewe bank—10°s, letter D. (Murray, Draper & Fairman's plate,) badly executed. Date unknown. The words Western Reserve Bank are on the left, and Ohio' on the right hand margin; on the genuine notes they are the reverse. Signed Zalman Fitch.
